For our contribution during the 65th session of the Commission on the Status of Women we have a dialogue with Women Leaders from various sectors and regions who will share their initiatives that support women's rights and gender equality to successfully achieve the UN2030 Sustainable Development Agenda so we "Leave No One Behind." Due to the COVID-19 pandemic women and girls have faced unprecedented hardships from the lack of resources and programs for protection against gender violence. These leaders will share their active support and engagement with these pivotal agendas that are empowering women and girls while fostering impactful change.
